Policy in Publicity.

(Seattle Post-Intelligencer.) The determination of the Bethle em Steel Company to continue its advertisements in the public press as a permanent feature of its evidences the new policy of pub-licity that has been adopted by many of the large American corporations. folks. Some of the greatest concerns of the country are now taking the publie fully into their confidence. Advertisements discussing matters of mutual interest are published in the newspapers, and in many cases periodicals are issued for public distrioution. The effect has been to induce better understanding and has changed the public attitude of uspicion to a feeling of co-operation.

A Long Forward Step.

(New York World.) The swearing-in of twenty-four ending American scientists who are nembers of the navy's civilian consulting board as officers of the United States Government was in no way a Show. L. R. FERRIS. d2t w1t pectacular affair, but it marks one of the longest steps forward that have been made in the real business of preparedness. By enlisting in the Government's service the best scientific skill and learning the nation is assured a kind of defense that cannot be extemporized in a hurry to meet sudden emergency. In time the average American may realize that the mobilization of American science ad American industry means far more for the country's security than any number of [boistrous defense leagues can accom-

OPINION

Les of every public question—
on leading American news—
or leading American news—
ers.

The nice rair of the middle of last week was certainly a beauty. It livened up the grass and started many plows to flopping the dirt. — Jack Frost made his cold debut several times lately, doing but little damage, though much rood by ripening the corn. — Carl Weinard is out huying mule coits, paying from \$50 to \$35 per head. — Frank and Charley Weiman and families motored to Slater recently, the guest of relatives. — The Sunday School at the Ladies' Hall is progressing nicely; about fify usually attend. — H. T. Spurling & Son will ship out 35 head of yearling steers this week. — H. T. Spurling & Son will get in this week from Montana 1.000 head of lamba, bought there at \$8.00 per cert. General Evens will build a new blacksmith shop here at once. The building will be 24x40x10 ffeet. — W. T. Wilfrey is across Flah Branch bridge is being put on the ground this week. When completed she'll be a dandy. — The marriage of Miss Mattle Patterson to Mr. Claude C. Slonaker was solemnized recently at the home of the bride's mother, Mrs. f they were not delighted. Only a lit. duucers. It may call for some sacriearly to believe that the women suf- is that against the prosperity and hap-

It is no accident that at the election in British Columbia last Thursday woman suffrage carried in almost every precinct and the Liberals snowed the Conservatives under so deeply that only a handful of Tory members are left in the local Legislature. Liberal tendencies inevitably favor equal suffrage, just a: Toryism always stands for intrenched privilege and "vested rights."

Villa Appeara.

(Cleveland Plain Dealer.)

Villa's attack on Chihuahua was sheer andacity. Inasmuch as Pancho is not a fool, it may be believed that he sid not expect to capture the city. Perhaps he felt that it was time to advertise that he is still alive and unpacified. Perhaps, too, he has to be a dandy. — The marriage of Miss Mattle Patterson to Mr. Claude C. Slonaker was solemnized recently at the home of the bride's mother, Mrs. Emily Patterson. Two of our very excellent yeung people were thus unit. They will live on the groom's farm near old Young's Creek P. O. May their lives from this on be of continual suamon to each other for nobler deeds and thereby bettering that world, is the wish of the scribe. Rev. Neighbors officiated. — At the box supper at Gatewood \$22.60 was taken in. Little Miss Milla Elli and Mills Johnson's cakes brought top prices, \$1.25 each. Miss Blanche Day was stoned the most popular girl and thereby received the cake. County Superintendent of Schools W. Clyde Johnson was present and gave a moving potture illustrated lecture on the fly which was rather instructive and benefits and any proper was received the cake.
